LAI International – New York Successfully Passes Nadcap Accreditation for Welding
Nadcap recognizes LAI New York for commitment to continual improvement in aerospace quality

TEMPE, AZ, May 1, 2018 -- [LAI International – New York](#) announces that it has passed its audit for Nadcap accreditation for Welding.

This accreditation reflects LAI's commitment to meeting the high standards for this specialty area within manufacturing. LAI has a commitment to providing our Customers within the Aerospace, Power Generation, Medical and Oil and Gas market segments with solid process discipline to achieve the demands that our Customers expect.

LAI International will receive Nadcap accreditation for demonstrating their ongoing commitment to quality by satisfying customer requirements and industry specifications.

"Achieving Nadcap accreditation is not easy: it is one of the ways in which the aerospace industry identifies those who excel at manufacturing quality product through superior special processes. Companies such as LAI International work hard to obtain this status and they should be justifiably proud of it," said Joe Pinto, Executive Vice President and Chief Operating Officer at the Performance Review Institute. "PRI is proud to support continual improvement in the aerospace industry by helping companies such as LAI International be successful and we look forward to continuing to assist the industry moving forward."

ABOUT LAI INTERNATIONAL:

LAI International is a premier provider of highly-engineered, mission-critical components for industries including Aerospace, Defense, Energy, Industrial and Medical. LAI helps OEMs meet production goals by delivering high quality complex components on time, every time, at the right value. A culture of innovation, exceptional engineering, optimized processes and cutting-edge technology differentiate LAI from the traditional manufacturing and supply-chain model, as demonstrated by becoming the world's first NADCAP certified additive manufacturer. As a true strategic partner, LAI is focused on solving tomorrow's complex component manufacturing problems today. For more information, please visit <http://www.laico.com/>.

ABOUT NADCAP:

Created in 1990 by SAE Inc., Nadcap is administered by the not-for-profit Performance Review Institute. PRI is a global provider of customer-focused solutions designed to improve process and product quality by adding value, reducing total cost and promoting collaboration among stakeholders in industries where safety and quality are shared goals. PRI works closely with industry to understand their emerging needs and offers customized solutions in response. Learn more at www.p-r-i.org or contact PRI at PRI@p-r-i.org.
